***"I just wanted to say a MASSIVE thank you to Vidya - the BEST driving instructor ever! I have had a fear of driving ever since a lady fell asleep at her wheel and crashed into my car when I was first learning to drive at 16. It has taken me until 29 to get my confidence back to get my licence. Luckily A1 driving teamed me up with Vidya for my lessons. He was so positive, calm and encouraging ever since our first lesson together, and over the next 10+ lesson helped me developed a love of driving. Our lessons were always so much fun, filled with laughs and car singalong sessions (mainly from my end), but always focused on safe and calculated driving practices/habits. With Vidya's encouragement, I managed to pass my licence first go! Thank you again, Vidya for this essential skill that you have given me and I look forward to doing a few more lessons before my Full!"***

***"Vidya is an absolutely incredible instructor. I took a number of lessons with him to prepare for sitting my restricted driving test and from my very first lesson, all the way through to the very last he made me feel relaxed and confident with my driving. He talks you through your mistakes in a way that it is easy to learn and correct these. Yesterday I sat my restricted test and passed my very first go - something I definitely could not have done without Vidya's help, patience and teaching skills. Cannot recommend enough!"***

***"Vidya was SUCH a great instructor! Having had driving lessons in the uk two years ago, and then failed my test (twice!) and not driven since, I was a really nervous driver. I took 1-3 lessons per week with Vidya for about 3 weeks, I think in total I had about 6 lessons, and passed my restricted test first time today! Really wonderful instructor, I would highly recommend him. Very calm and gives clear, easy to understand instructions, especially when mastering parallel parking etc. I will be rebooking lessons with him when I come to do my full licence test. Thanks so much for your help!"***

He tells you what you did wrong and helps you correct it. He makes sure that you learn from your mistakes and that you know how to properly correct it. He is an amazing teacher. Wouldn't recommend anyone else! Thanks, Vidya, for all your help."***

***"I have been driving in India and here I just had to get familiarised with rules for my conversion license and signed-up with a very well known and branded driving school. After having a very bad experience with that instructor, who was expecting me to do perfect driving from the minute I got into the car, I gave up the thought of driving in NZ. But, I wanted to try for one last time with AI after reading their reviews and testimonials. I started with Vidya with my confidence levels below ZERO, yes literally no confidence (thanks to that scary instructor). End of the 'first' class with Vidya, I got***

***down of the car looking forward to next class and buying my own car :). Vidya is a real good instructor. He knows how to teach, what to expect from students in their first class and how to boost their confidence. He didn't take me into a full traffic road and expect me to follow rules in the first class, he didn't shout at me even once, he didn't panic (yes, I'm talking about instructor panicking which was an experience from that other instructor). Vidya did let me do mistakes (he is cautious though to be safe) and I learnt from them. He took me through different kinds of roads, traffics and situations and explained how to follow and why to follow them and that registered in my mind. Most importantly, he makes you feel comfortable and confident. I cracked the full license test for the first time itself, which according to others, is a big deal :). Thanks a lot Vidya!!!!!!"***

***"Always a pleasure to have a lesson with Vidya who gives clear instructions and stays very calm with a newbie. He knows quiet city areas where you can start learning driving rather than staying in a carpark for the entire lesson. You get the sense of a car and that builds your confidence on the road. I appreciate how punctual he is."***

***Vidya is a great instructor. Going into these lessons I was lost, didn't know what to do. But Vidya made me feel comfortable and made driving enjoyable. He not only taught me to drive with care but also with awareness. Vidya has to be one of the nicest and caring instructor I have ever had. Throughout our lessons I learnt so much, Vidya was recommend to me by a friend who had previously had him and all brothers also too, of which they all passed. And I also recommend Vidya for anyone looking for an instructor. He is a great teacher who is kind and someone who I respect very much. If it wasn't for his expertise I wouldn't of passed my test on the very first try.***

***"Hi there***

***I've been having my driving lessons for the past couple of months with Vidya. Really enjoyed his style of teaching - which was thorough, paying attention to details and very encouraging to a new driver like me. I took my test last week on 7th Sep and got my restricted licence. The testing officer told me in the end that he could see that my driving instructor has done an amazing job! That's quite a compliment to Vidya. Thanks a lot to him! :)***
