***"I can't thank Lynda enough for the amazing person she is and the
driving skills she has taught me. I passed my restricted today! I
highly recommend immense Lynda :)I had Lynda 5 years ago
teaching me and then I gave up my lessons due to having a busy
life. A couple of months ago, I was ready to do lessons again and
even though I live in central Auckland, I made sure I met with her
out in new Lynn just so I could have her teach me again.Thank you
Lynda:)"***

"Thank you to A1 particularly Ms Lynda. She helped me a lot in refreshing the three point turn, reverse parallel parking, and changing lanes on motorway and busy street. I nailed the exam! Yehey! By the way, she was also a great instructor for my son. Further, A1 has helped our family a lot in gaining confidence on the road, learning effective defensive driving, and always being safe on the road. Thank you very much to A1!"

"Dear Harald

I would just like to say how wonderful I think Lynda is. My son Daniel passed his Restricted yesterday in that awful weather. I haven't driven with Daniel for a long time and he drove us from Mt Albert to North Shore on Sunday and I knew then that he would pass – despite the storm! The credit can be solely attributed to Lynda and the confidence she engendered in Daniel and, of course, in Daniel's response to that. I recommend Lynda to absolutely everyone... It has been worth every penny spent to see him drive so well and confidently and we will return to Lynda for final/top-up instruction before Daniel sits his full licence.

Thanks

"Both my 18 year old twin sons have taken their lessons with Lynda. She has already gotten one through to full licence and is currently taking my other son through training towards a restricted licence. Lynda is warm, friendly, encouraging and a great tutor. I am very pleased with the service Lynda offers and would highly recommend her to anyone, particularly if you have had a bad experience elsewhere – she is very good at re-building confidence! We will continue with Lynda to a complete licence. Rose"

"Thank you for the email and I would like to inform you that I did had my lesson with Lynda today and one word for her,

AMAZING!!!!!!! the best \$65 I ever spent. Your company was the only one that actually promptly contacted me and helped me.

I had taken couple of lessons from AA instructor whom I shall not name, however, it kind of scared me because apparently I am not good but I didn't know at what. I mentioned this to Lynda before we started and she immediately put me at ease and explained herself in such a calm manner even my mom is not that calm and that's saying a lot. She basically took me through point by point and encouraged me as well. My concern was Parallel parking but she gave me amazing technique and I practised using that trick and I think I really like parallel parking and this is from someone who failed her first test because I couldn't even reverse my car to park.

Lynda is just plain amazing and honestly I learned so much more in that one hour than I have in the past few months. Had my friend told me about you guys sooner I would have benefited long time ago but better late than never.

Keep up the great work,

Cheers,

Wendy''

"Hi, on behalf of my son Bois Gordon, I would like to pass on my sincere appreciation for the outstanding driving instruction that he received from Lynda Barrett."

I was able to ride in the car during the lessons so as to take note of the details which I could reinforce with my son after the lessons."

I found Lynda to be extremely calm, whilst very knowledgeable about the finer details of driving which I didnt even know about after 30 years driving. Lynda's fantastic instruction was in no doubt"

the difference between Bois passing or failing his practical driving test, which he did pass, first attempt.

In short I strongly recommend Lynda as your choice for a driving instructor.

And Lynda thank you so much. Bois failing his practical driving test would have been a massive blow for his new job and now he can get himself to and back from work on his own. His boss is rapt to.

Lynda your tops. Thankyou heaps."

Kind regards Eugene
