"Signed up for the driving defence course for the obvious reasons of getting time of my restricted licence. But I got a lot more out of it than expected. It made me more aware of hazards and how to deal/avoid them, terminology and how to approach driving with the right attitude and confidence. It reaffirmed my knowledge and piled on a lot more."

I reckon Harald is the perfect coordinator because he didn't lecture at us but rather steered the conversation and discussion... Hehehee 'steered'. This made it a lot more enjoyable and interactive.

Thanks Harald for taking the time to run the course,

Amy

"Hi,

My name is Roozbeh and I am from Iran. In my country we drive on the right side so you can imagine how it can be difficult to get used driving on the left side as it is in New Zealand. I had a training session with Harald. He is very patient and explained the rules and everything I needed to know in detail. I really found that useful and I am very happy with it.

Roozbeh"

"Clear, easy and precise instructions given. Patient and reassuring, at the same time correcting in a positive manner. I personally find the "Record of coaching and Assessment" very useful to take home after each lesson. I look at it often and it's a reminder to improve on weak areas. Instructors are punctual and pleasant. They also provide very useful information. I have been on a restricted for almost 10 years and I feel I'll soon be out of bad habits and pass my full license ofcourse:)"

"After being on my restricted license for 15 years, I thought it might be time to go for my full. Harald took me for a pre-test lesson, and it was fantastic. He was very gentle and tactful in pointing out the less-than-perfect habits I have picked up, and I have been driving around all weekend annoying people with my driving test style driving, lol. I am getting the hang of keeping my hands on the wheel, not taking shortcuts when turning and actually using my gears, hah. Thanks Harald, you rock, and I promise I will keep practicing. Wish me luck for my test! Lou"
