***"So happy I chose this place to help me overcome my driving anxiety. Neil is an excellent instructor. He's very patient, calm and informative, and has been pivotal to building my confidence back up after not driving for 10 years. Neil gave me great driving advice and tips for NZ roads. I totally recommend Neil to new drivers AND to anyone else out there who is afraid of getting back on the road after a serious car accident. Thanks Neil!"***

***"After being scared off from doing driving lessons from a horrible and stressful experience, I was a bit afraid of what to expect.. after meeting Neil, he has made the whole experience relaxing and educational. He is calming and very informative on the road rules and code. I have probably learnt more listening to him that reading online. I am looking forward to my next lesson with him!"***
