He was an excellent instructor who prepared her well for her restricted test. She learnt a lot more from him than an earlier instructor from a different school. We are very pleased we found you and being able to get a lesson on Sunday was a big help.

We will probably contact you again when she is close to sitting for her full license.

Many thanks"

"Thank you A1 and Vidya, my driving instructor, for passing my full driving test today. Vidya is an excellent teacher, and he did a fantastic job with polishing my driving and boosting my confidence that I needed for my full driving test as a very delayed conversion of

my overseas driving permit. He is obviously very experienced and has a very nice approach, friendly, but with a pinch of gentle authority that you need from a teacher and I really liked it. I was happy with my progress after every lesson and his short and clear tips always resonated in my mind while practising in between the lessons. Thank you Vidya!"

From the first lesson, he was incredibly optimistic and friendly, and gave me a big confidence boost that really helped me. I have had a fear of driving ever since a lady fell asleep at her wheel and crashed into my car when I was first learning to drive at 16. It has taken me until 29 to get my confidence back to get my licence. Luckily A1 driving teamed me up with Vidya for my lessons. He was so positive, calm and encouraging ever since our first lesson together, and over the next 10+ lesson helped me developed a love of driving. Our lessons were always so much fun, filled with laughs and car singalong sessions (mainly from my end), but always focused on safe and calculated driving practices/habits. With Vidya's encouragement, I managed to pass my licence first go! Thank you again, Vidya for this essential skill that you have given me and I look forward to doing a few more lessons before my Full!"

"I have been driving in India and here I just had to get familiarised with rules for my conversion license and signed-up with a very well known and branded driving school. After having a very bad experience with that instructor, who was expecting me to do perfect driving from the minute I got into the car, I gave up the thought of driving in NZ. But, I wanted to try for one last time with A1 after reading their reviews and testimonials. I started with Vidya with my confidence levels below ZERO, yes literally no confidence (thanks to that scary instructor). End of the 'first' class with Vidya, I got down of the car looking forward to next class and buying my own car :). Vidya is a real good instructor. He knows how to teach, what to expect from students in their first class and how to boost their confidence. He didn't take me into a full traffic road and expect me to follow rules in the first class, he didn't shout at me even once, he didn't panic (yes, I'm talking about instructor panicking which was an experience from that other instructor). Vidya did let me do mistakes (he is cautious though to be safe) and I learnt from them. He took me through different kinds of roads, traffics and situations and explained how to follow and why to follow them and that registered in my mind. Most importantly, he makes you feel comfortable and confident. I cracked the full license test for the first time itself, which according to others, is a big deal :). Thanks a lot Vidya!!!!!"

"Always a pleasure to have a lesson with Vidya who gives clear instructions and stays very calm with a newbie. He knows quiet city areas where you can start learning driving rather than staying in a carpark for the entire lesson. You get the sense of a car and that builds your confidence on the road. I appreciate how punctual he is."

"Hi Harald, so I've recently passed my restricteds driving test. And if it wasn't for Vidya I don't think i could of done it. So I would like to write a testimonial for Vidya and if you could please put it on the site under his name that would be great."

Vidya is a great instructor. Going into these lessons I was lost, didn't know what to do. But Vidya made me feel comfortable and made driving enjoyable. He not only taught me to drive with care but also with awareness. Vidya has to be one of the nicest and caring instructor I have ever had. Throughout our lessons I learnt so much, Vidya was recommend to me by a friend who had previously had him and all brothers also too, of which they all passed. And I also recommend Vidya for anyone looking for an instructor. He is a great teacher who is kind and someone who I

respect very much. If it wasn't for his expertise I wouldn't of passed my test on the very first try.

''Hi there

I've been having my driving lessons for the past couple of months with Vidya. Really enjoyed his style of teaching - which was thorough, paying attention to details and very encouraging to a new driver like me. I took my test last week on 7th Sep and got my restricted licence. The testing officer told me in the end that he could see that my driving instructor has done an amazing job! That's quite a compliment to Vidya. Thanks a lot to him! :)
