OLDER TESTIMONIALS FOR CAROLINE WULF-PHILLIPS

"I have been learning to drive with the wonderful Caroline over the past year. I have always been a nervous passenger and so the thought of driving has always been a distant dream. But today I passed my restricted! This was in huge part due to Caroline's guidance. Caroline is a patient, methodical and generous instructor. She was able to help me build up my confidence and allowed me to go at my own pace. Did I say she was patient. She dealt with my nerves and different learning style like the professional she is. I couldn't have done it with out her. Ngā mihi nui kia koe Caroline. You are a star. Victoria P."

*"*Caroline Wulf-Phillips has quickly and efficiently taught my daughter (age 18) reverse parking, parallel parking, angle parking with additional tips and corrections on her general driving skills. My daughter has built up hours practicing driving on her learners (L Plate) but needed extra tuition in this area, it is money well spent. ***"nailed it"*** :) We will be booking additional lessons, especially a pre driving test lesson at Penrose where she will be sitting her restricted licence. Thanks so much for your good service, Michele B*"*
