

"James is an amazing instructor with an impressive knowledge of Auckland's roads. Each lesson, he selects routes not only based on my skill level but also takes into account my nervousness. As a result, my driving skills and confidence have steadily grown. Thanks to his careful route selection, I've never felt overwhelmed—it's been a smooth, gradual, and enjoyable learning curve. He's also patient, allowing me to develop my own judgment of road situations at my own pace. Thank you James!"

"James was excellent. Very positive and encouraging me but point out areas I need to be careful. Knowing I was going to be renting a campervan he also gave me dos and don'ts for safe respectful driving. Good instructor."
