"I took two driving lessons with Neil in preparation for my restricted test. I was very anxious even thinking about driving, but Neil was so patient and understanding and very respectful. That helped me a lot, and I was able to drive confidently. On the first day, I already learned parallel parking. I'm such a happy student and highly recommend Neil. I'm looking forward to our next lessons:)."

"Neil was an excellent driving instructor! He was super calm and knowledgeable. Makes you feel comfortable to drive and not stress out over mistakes. He made sure to get in both practical skills and teach you some helpful theoretical skills visually. Will definitely book him again!"
