"Kevin is nice and knowledgeable when it comes to what should and shouldn't do on road. I learnt three new things in our first lesson which I was not aware of when I first start learning to drive."

"Kevin is an amazing instructor! I've taken months of lessons with him from being a complete beginner driver who's never held steering wheels before to a now confident restricted licence holder! He is very patient with any mistakes I made and have always encouraged me to build my confidences on the roads. Every minute he taught me was definitely worth it. Thank you, Kevin for a life long skills you've given me!"
