

"To all who are scared to drive LYNDA BARRETT is the person to go to. She has patience of an angel. She not only teaches to drive but makes sure the knowledge she passes lasts a lifetime. She builds confidence in new drivers something that new drivers need. Thank you LYNDA for all the hard work you do to present new drivers on our roads."

"I saw Lynda for my restricted, passed first time, and am now seeing her for my full. She is an amazing, and highly skilled instructor who I would recommend to anyone. I am an anxious driver and she has helped me build so much confidence through her patience and expertise. 10/10."

"Lynda is very patient and thorough. So far I've had 3 lessons with Lynda and I've already excelled much further than I thought I would have at this stage. As someone who is a very inexperienced new driver Lynda has really built my confidence up with driving already. I would recommend her to anybody."

"Not enough words to express my gratitude and thanks towards Lynda. She is an excellent teacher, very kind, has a great sense of humour, friendly, and makes you feel at ease but also very thorough, patient, encouraging, and has a keen eye for spotting places of improvement and ways to be a safer driver. She has taught me so much, and helped me to prepare and pass my restricted license test, now she is helping me with preparing for my full. I cannot recommend her enough for anyone who is wanting to learn to how to drive. Plus, her car is a lovely shade of pink - an awesome choice of colour for an awesome lady. Always happy to have a lesson with her!!"

"My daughter has just passed her restricted driving test with Lynda today after having quite a few lessons. It was thanks to her that both of my daughters have now passed the first time! Her calm, positive manner and experience makes her the best around - I can't recommend her enough. Thank you Lynda."
