

"I was very fortunate to have Ned Music as my manual driving instructor.

He is an excellent teacher - easy to understand, friendly, patient and humorous. Ned gave me confidence which enabled me to pass my restricted and full Licence on my 1st attempt. He made the whole process easy. Ned meets you at your home for each lesson and he is always punctual. Thank you so much Ned - you are the best!"

"Ned is an absolutely fantastic driving instructor! His teaching style is clear, patient, and incredibly effective. He had more confidence in me than I had in myself, which made a huge difference in my learning. His humour kept every lesson enjoyable and stress-free, making the whole experience much more fun. If you're looking for a skilled and supportive instructor for manual driving, I highly recommend Ned!"

"Ned Music, amazing instructor and awesome human being. I had two lesson learning to drive manual with no prior manual experience. With a welcome smile and great banter he made me feel very confident in my abilities to learn. His toyata corolla drives very well and hard to stall which made the experience so much better for beginners. Would highly recommend him for anyone learning to drive manual. He is super friendly and keeps his composure which makes for a perfect learning environment. All the best to you and your family Ned. Thanks a lot."

"Ned helped me learn how to drive a manual. As it's very hard to find instructors these days, I was grateful to come across Ned at A1 driving school. All my lessons he had me smiling and laughing and made learning alot of fun! He has great leadership skills, great communication, clear targets. I gained knowledge, skills that would never been achieved without Ned and the team at A1. I highly recommend Ned. I am confident and ready to roll around in a manual cheers!"
