"Had a driving lesson with Lee today, it was a pre restricted test. He was so helpful, gave me so many tips. He was really patient with my parallel park as well as it took me 4 tries. Highly recommended if your planning on sitting you restricted test to get a pre test done by him. Thanks again Lee."

"I've had lessons with Lee for the past five or so Saturdays, and I couldn't be more grateful. As someone who had never driven before, his patience, clear guidance, and encouraging approach made all the difference. He helped me build real confidence behind the wheel and made every lesson educational and stress-free. I truly appreciate his support and highly recommend him to anyone learning to drive!"

"I booked some lessons with Lee. Having just emigrated from the UK to New Zealand I wanted to feel more confident in driving around. Lee is very patient, friendly and makes you feel at ease. Lee also gave me tips on things that might be different driving here. I would definitely recommend Lee as an instructor and am going to book a few more lessons."

"Lee is an excellent instructor who knows how to pass on skills while also creating a supportive and encouraging environment. He is very good at adapting the pace of instruction to the student and also at anticipating and coaching drivers through the tricky bits. It's been a real pleasure to receive instruction from him and I highly recommend him to drivers of all levels."

"I'd been on my learner's licence for some years and decided to book a Restricted Practice Test to see how well I was driving. Lee was very helpful with his feedback and gave me great tips on what I needed to improve. I took all of his advice on board and worked on my driving. Just a few weeks after the practice test, I managed to get my restricted licence! I highly recommend Lee as his calm and friendly demeanour will make the most anxious driver feel comfortable."
