

"I had a great experience! Vidya was a very helpful, patient and effective teacher. Now I feel comfortable and confident. I will be recommending A1 driving school if I know anyone visiting NZ who needs to practice driving on the left."

"Can't speak highly enough of Vidya. Passed the test on first attempt. Couldn't have done it without Vidya. Word gets around and I was recommend him by several people in our area. What better than to have a trained high school teacher, kind person and driving instructor rolled into one!"

"Vidya is an outstanding driving instructor who creates a calm, supportive learning environment. He knows exactly when to provide corrections and offers invaluable tips throughout each lesson, making the experience enjoyable and effective. His teaching style builds confidence and ensures steady progress, making him a great choice for any learner."

"One of the best driving school. I wanted to convert my overseas license and make myself familiar with the NZ road code. My instructor Vidya Nand really helped me a lot. He took me around all the possible routes to practice for my final exams. Also, gave me tips how to do different kind of parking. He is a very welcoming and friendly person. I passed my practical test at one go."
