

"Lynda was amazing, she did an awesome job guiding and teaching me how to drive especially since I had virtually no practical skills to start off with. Was a very enjoyable experience and I would happily book again with Lynda."

"Lynda exemplifies high standards in driving instruction. She is calm, composed, and patient, which creates a supportive learning environment. During my two classes with her, I appreciated her structured approach and attention to detail, allowing me to develop my skills progressively. Lynda's commitment to quality instruction ensures that you not only learn quickly but also gain confidence behind the wheel. I highly recommend her to anyone seeking to elevate their driving skills to the next level."

"I highly recommend everyone to go through A1 Driving School before they take any driving test or would like to brush up on their driving skills! These guys provide excellent service. Lynda Barrett was my driving instructor and she simply made driving feel like a breeze and helped me so much in building my confidence back up after not driving for a few years. She gave great advice and helped me to drop bad habits and to practice good ones. She is a fantastic teacher. Because of her, I was able to pass my restricted test on the first go! Thank you so much for your time, enthusiasm and dedication, Lynda. I absolutely enjoyed my time with you."

"Lynda was awesome I enjoyed her knowledge and calmness she was wonderful at teaching and observing, I enjoyed her time and patience, I was feeling successful and feeling of accomplished as I felt I did well, she has boosted my lack of confidence and I feel that if I continue on I will be a safe and responsible driver in future. I appreciate and am grateful for Lynda and all she has to offer. Thank you so much A1 driving school."
