"This was a super cool course and I was able to learn a lot. I originally thought I would know everything but this course taught me new things and reminded me of things that are easily forgotten. Both Harald and Adriana are really nice people. Adriana was really nice in the driving practical because she said 'good job' when I did something well which helped me not feel so nervous. Overall this was a very beneficial course to do, and I highly recommend it."

"This course has really helped me to feel confident when driving and has helped in preparation for the real full license test. The instructor for the theory work (Harald) was very good and he was really helpful, patient, non-judgmental. The instructor for the practice drive (Adriana) was very kind and she gave me good feedback and was very helpful. Thank you guys so much for taking me through this course and helping me along the way."

"I absolutely loved the Defensive Driving Course. The way the class was delivered was clear, engaging, and easy to follow. The information provided was incredibly valuable and practical. I especially want to highlight Sharon, the instructor, for her

outstanding way of teaching and sharing her knowledge. It was truly an enriching and useful experience. Thank you!"

"Sharon is GREAT! For me, retaining information is not easy when it's boring. But Sharon adds an uplifting & positive flare to every session and has a great sense of humour. I definitely will be bringing my children here to learn as we are all neurodiverse and I feel it's such a great atmosphere for them to learn in. Thank you Sharon!"

"I did a Defensive Driving Course with Sharon Stewart and I found it extremely beneficial to my driving skills. The course was engaging, informative, and very helpful with learning how to drive safely. The practical session helped me use the theory that we learned in the course and Sharon taught me a lot of skills to drive safely in a manual car. Sharon is so patient and motivating for building my confidence with driving. Will definitely recommend A1 and their Defensive Driving Course!"

"Hello. My sessions were amazing from my first session to the last. Sharon was An amazing mentor/educator/instructor. She has helped me become more aware on the road and helped build my confidence and ease my anxiety with driving. I loved every session and enjoyed every part of it. Thank you for having me. This course was amazingly helpful."
